## SUPPLIER CODE

Polyplex Code of Business Conduct  
For Suppliers

### I. Purpose

The purpose of this specification is to express the responsibility placed upon suppliers to agree to Polyplex's Supplier Code of Conduct as listed below. We expect our suppliers to ensure that all companies within their corporate sphere and the sub suppliers involved in the supply of products and/or services to Polyplex comply with the relevant local, national, regional laws, regulations and guidelines of their respective country of operation and the additional requirements set out in the Supplier Code. Where our Code represents a higher standard than the local, national or regional laws, we expect our suppliers to follow this Code. Conversely, when local, national or regional laws are more restrictive than this Code, we expect our suppliers to follow those local, national or regional laws. Any violation of legal requirements or material breach of mandatory demands might lead to immediate termination of the business relation between the Supplier and Polyplex.
